

**Silver Lake Auto inc. dba:  
AGAWorldWide,**

AGA Arabian Gulf Auction headquarters are located in Minneapolis MN where AGA provides full domestic and global logistical services for delivery of vehicles purchased on Copart virtual auctions.

AGA Worldwide

AGA manages delivery of your purchase from the Copart Auction site to the closest port. AGA arranges safe loading of the client's purchase into containers, making sure the containers are safely loaded on ships and AGA tracks shipments while en route.

AGA manages the paperwork saving our clients time and money by handling the complete logistics involved in the purchase and the shipping of items from auction house to their destination country.

**VB2 Network (Vehicle to Buyer)**

AGA, working with Copart virtual auctions, is powered by VB2 technology. The VB2 live auction model sells over one million vehicles annually throughout the United States.

The national VB2 network has been forged between existing independent wholesale auto auctions who utilizing VB2 technology to power a segment of their sales. VB2 network auctions coast to coast provide a strategic national footprint for both vehicle suppliers and buyers.
